

**Your unique kitchen – tailored to suit you**

Combine this modular hob with other modular hobs from Electrolux to build your own tailored mix of cooking methods – choose from gas, induction and radiant.

Product Benefits & Features**Easy, fast and safe - Induction**

Induction technology means that heat is delivered quickly and to precisely the right spot, meaning the surrounding areas remain cool and safe. It also reacts instantly to temperature changes. And the smooth surface makes it easy to clean.

Control at a touch

There's no guesswork required with Induction Touch Controls. Access the settings through the touch-sensitive glass surface, and you can easily increase or decrease the temperature. And with no protruding buttons or knobs to consider, it's easy to clean.

Intense heat, in an instant with PowerBoost

Activate the PowerBoost function for an instant burst of heat during cooking. It's ideal for getting dishes ready faster. You can boil water quicker than ever before, and get pans ready for searing when you need them.

Effortlessly time every step of your recipe

The adjustable timer helps you to follow the cooking process effortlessly. It can be set up to one hour, and gives you an accurate reminder of your cooking time. It turns the selected cooking zone off when the time has elapsed and doubles as a minute minder when you're not using the hob.

Lock your cooking settings

The key lock feature on our hob means your cooking settings will stay as they are, even if the control panel is accidentally touched by anyone – even children. This also means you can wipe up any spills without affecting the cooking process.

- Hob type: Induction
- Frameless hob
- Touch-control
- Controls position: Front Middle
- Induction zones with power booster function
- Pot detection
- Left front zone: No, 0W/0mm
- Left rear zone: No, 0W/0mm
- Middle front zone: Induction, 1800/2500W/180mm
- Middle rear zone: Induction, 1800/2500W/180mm
- Right front zone: No, 0W/0mm
- Right rear zone: No, 0W/0mm
- Key-lock function
- Child safety lock function
- Acoustic signal with switch off option
- Timer function
- CleverHeat™ function
- Easy installation thanks to snap-in system
- Main colour: Black
