### Freezer space. In the fridge. Four star compartment

Freeze food safely even in the fridge. The four-star freezer compartment allows you to safely freeze your fresh food down to -18°C, even inside the fridge. Ideal for efficient freezing of smaller amounts of food or convenience meals.

### Internal Electronic Control. For cooling precision

The Internal Electronic Control feature gives you full command of the storage conditions of your food. The LED indicators show you the temperature setting clearly for convenient adjustment and control.

### LED lighting illuminates every corner

The internal LED lighting produces a discreet, soft light, shining evenly across the whole space. Plus, LED bulbs are smaller and more energy efficient than standard bulbs – a more sustainable choice.

### The Undercounter Vegetable Drawer - store different size veggies

Spacious and versatile storage. The Undercounter Vegetable Drawer allows you to easily store veggies and fruits of different shapes and sizes.
